ABOUT US

We are proud to introduce the "CURVE" product series, a project that brings together our passions and expertise. Matthijs Wateler, a dedicated interior designer with a sharp eye for the harmony between form and function, has shaped the aesthetics and organic flows of CURVE.

Our goal is to create spaces that are both visually stunning and functional, seamlessly integrating the beauty of nature. Alain van Dijk, as an LED Specialist, has contributed to the sustainability of CURVE.

Sustainability is a core value in our design, and Alain's expertise has ensured innovative LED solutions that make our projects both environmentally friendly and energy-efficient.

With CURVE DESIGN, we aim to embrace and integrate the elegance of nature into everyday spaces, and we are excited to share more about our projects and designs with you soon. Stay tuned, as there is much more exciting news to come!

Warm regards,

Matthijs Wateler, Interior Designer
